Installation

Ponte Giulio suggests the product must be installed by a professional operator, which is capable to verify the characteristics of the support to which the item must be installed.

Warning

Before installation and use, read the installation and use instructions in their entirety. If questions arise please contact Ponte Giulio company.

Cleaning

- The grab bar is not affected by the room's temperature, though it must not be installed in locations subject to temperatures below 39°F (4°C) or above 104°F (40°C).
- Do not install in saunas.
- Not following the temperature recommendations may result in damage to vinyl coating on grab bars and flange.

Warranty
